

ps87 - Synergy Helmet Type 2 vented

Collection: Head Protection

Range: PPE

Materials: ABS Plastic Shell

Product information

New industrial protective helmet PS87 by Portwest meets and exceeds the requirements of EN 397:2025 Type 2. The helmet features a vented ABS shell and allows for easy accessory connections via 2 visor attachment slots and another 2 earmuffs slots as well as an easy to install neck cape for protection from sun, rain or debris. An ergonomically shaped wheel ratchet makes the size adjustment simple and convenient even when wearing gloves. Certified under new EN 397:2025 Type 2 which means it protects from on-crown impacts as well as off-crown impacts and penetration for extra protection against sharp object impacts to the side, front or rear of the helmet.

Head Protection

Portwest's head protection range aims to benefit our customers by combining the most up to date styles and standards in head protection, irrespective of job or location. Innovative, comfortable and lightweight helmets available for multiple uses.

PPE

Portwest Head PPE range applies the latest standards to deliver the highest level of protection. Comfortable and lightweight, the PPE range will ensure a pleasant wear, even for long periods of use. Your safety is our mission.
